Thanks Laura and team – that would be great. Nichole – would 12:30pm eastern / 10:30am mountain work? If so what number should Sen. Gardner call? But if there is a better time let me know. My boss is pretty flexible today

Hi Amy – the Administrator is out of pocket today, but we are happy to connect the Senator with our Regional Administrator Shaun McGrath who is on the ground in Durango right now and has the latest information. (I'm making the assumption that this is about the Gold King mine spill).

Looping in Nichole who has been working on this.

Hello: Sen. Gardner asked me to schedule a call with Administrator McCarthy today. Could you all connect me with the appropriate person to schedule the call with? Sen. Gardner's schedule today is very flexible – so please let me know what times work on your end and we will make it work on ours.

Thank you,

Amy
